## Giving

When you gave your life to Jesus, He was faithful to answer you, save you from your sin and give you eternal life. When you gave your life to Him, He promised to walk with you in every area of your life. Becoming a Christian means you give your whole life to Jesus – not just some of it. We are to trust God with every aspect of our lives – relationally, spiritually, physically, mentally and also financially.

Jesus needs to be the Lord of your life.

It is important to trust Him with your finances. God's desire is to prosper His people. This means He wants to see you living an abundant lifestyle.

Read **PROV 11:24-25**.

Write in your own words what this is telling you about giving and getting.

---

There are many natural laws that can not be broken (i.e.) 'The Law of Gravity' - what goes up, must come down! There are also spiritual laws/principles that have been set which will always apply – even to the non-Christian. One of these laws is 'The Law of Sowing and Reaping'. A farmer who plants a field of wheat knows that after a period of time he will reap a harvest. If he did not sow the seed he could not expect to reap a return. Being a giver is very important. When you give your finances you are sowing a seed and God will bring the return!

Contrary to the way a human thinks, God says, if you get it and hang on to it, you will eventually loose it - if you get it and give it away, you will prosper.

In the natural people will ask the following –

“What does he give?”

“What does he own?”

“How much does he give?”
